- Security.
- Weather resistant.

CURVED 45 mm

1-CONSISTING OF A SINGLE SECTION.
2-NOT PERFORATED.

FEATURES:

- Security.
- Weather resistant.

FEATURES OF SECURITY SHUTTERS

■ HIGH PROTECTION AGAINST THEFT AND BURGLARY

- Security Shutters are designed with high thickness of aluminum and security accessories:
- Security hangers are hidden internal locks that prevent lifting up the Security Shutter from the outside.
- Side locks that fix the Security Shutters to side rails.

■ EFFECTIVE PROTECTION AGAINST STORMS AND STRONG WINDS

- Security Shutters form a strong wind-proof barrier to protect windows and doors.

■ RUST PREVENTION:

- No need for steel barriers which may get affected by weather conditions causing rust.

■ WIDE VARIETY OF COLORS:

- Security Shutters are available with a wide variety of colors to suit different tastes and decors.

■ QUIET AND STREAMLINE MOTION:

- Thanks to the special design of the slats with gaskets that prevent aluminium friction. This results in quiet motion of Security Shutters.

■ FULLVIEW

- Security Shutters offer you the freedom to enjoy the view of the outside world without barriers.
